Exterior and interior styling

Add a touch of elegance

You are not alone in falling immediately under the charm of All-new MEGANE's balanced design. Go one step further and personalise your vehicle! You can add a chrome boot strip and chrome door mirror shells to accentuate the lines or opt for a subtle contrast with a shark antenna in glossy black. Stick with the sporty feel by choosing a brushed aluminium pedal and 17" Exception Dark Anthracite wheel rims with a Cappuccino Brown centre cap. The illuminated front door sills mean that you start each journey in style.

1. Boot strip – Chrome

Transport

Space for your hobbies

Fancy going away for a few days for some winter sports? A weekend in the country? You can take your skis or your mountain bikes with you in complete safety. Our ski racks easily attach to the aluminium roof bars. And it's the same story for your mountain bikes. The bike rack leaves the boot and your towbar accessible. Need more space? You can choose from our range of rigid roof boxes, which are secure and easy to install on the roof. Attractive, practical and lockable, they will protect whatever you are transporting.

1. 480 L roof box - Matt Black
(77 11 785 586)
Aluminium roof bars
(82 01 580 005) Sport Tourer
Also available for Saloon
2. Bicycle rack

3. Sliding ski carrier
(77 11 420 780)

Transport

Expand your horizons

Take advantage of an additional transport solution with our complete range of towbars: swan neck, tool-free removable or retractable. The retractable towbar means that you can preserve the design of your All-new MEGANE by folding it back under the bumper when it is not in use. Another handy benefit is that these towbars can be used to attach one of our bike racks, which was specially designed to transport your equipment leaving you access to the boot, thanks to the tipping function.

1. Retractable towbar
(77 11 944 288) Sport Tourer
Also available for Saloon
2. Tool-free removable towbar
(77 11 944 290) Sport Tourer

Protection

Ready for any adventure

Whatever the conditions, keep all your luggage safe thanks to EasyFlex boot protection. Modular, non-slip and waterproof, it can be used to cover the entire loading space. For any wet clothes or dirty items, you could use the boot liner. It is flexible and waterproof, and can be removed easily for cleaning. And we haven't forgotten the passenger compartment of your All-New MEGANE. You can choose from a range of textile or rubber mats that have been specifically designed to keep your vehicle in good condition.

On-board experience

The height of comfort

Get away from it all for the weekend without having to compromise on what makes daily life worth living: an unplanned picnic using the removable table, an induction charger to keep you connected throughout all your journeys or a multimedia support fixed to the headrest, so that your passengers can watch their favourite TV series. Once you arrive at your destination, you can be sure that your jacket remains crease-free on its travel hanger.

Safety

Protective instinct

All-new MEGANE accompanies you in all life's daily challenges. To make sure your vehicle stays protected and keeps its sparkle day after day, transparent protective films protect the bumpers, door sills and door edges from chips and scratches. You can take to the road with peace of mind thanks to a partition grille that isolates the passenger compartment from the boot, so that man's best friend can travel safely...

Your peace of mind is our priority. That's why we have fitted an alarm that activates in the event of an attempted break-in or unexpected movement. Finally, for safe driving in winter, we have also designed chains that optimise grip in the most difficult winter conditions (snow and ice).

Performance, down to the smallest detail

Choose the best for your All-new MEGANE R.S. from our range of exclusive Renault Sport wheel rims for a beautiful, demanding and strong look. To offer you a unique style, the wheel rims are available in black, diamond-polished black or diamond-polished black with red stripes. You can also opt for performance with the Fuji Light version, designed specifically to improve brake cooling and reduce the unsprung mass of your MEGANE R.S.!
