

New  
Renault MASTER  
Accessories

## **Optimum utility**

Make your day-to-day activity straightforward using functional equipment: this is particularly important in your professional life. The range of equipment and accessories offered by Renault for your New MASTER enables just this, providing practical solutions which make your essential activity more efficient.

## On-board experience / Protection

---

### Bespoke comfort

Renault has thought of everything to increase and maintain your daily comfort on board your New MASTER! Made to measure seat covers (Super or Super Aquila models) protect the original upholstery whilst providing a very personal touch to the passenger compartment. Simple to install with their system of intuitive attachments, they are also easy to clean – qualities which are also apparent in the range of passenger compartment floor mats made of rubber (Novestra models) or textile (premium models). Nice and comfortable during your break, all you need is some food and drink chilled to perfection in the cool box.

**1. Super Aquila seat covers - front and rear**

(77 11 427 961)

**2. Rubber floor mat - Novestra**

(77 11 426 008)

**3. Textile floor mat**

(77 11 426 007)

**4. Super Aquila seat covers and cool box**

(77 11 427 961) (77 11 431 405)

## Safety

---

### Work with peace of mind

Spending the better part of your time behind the wheel, while keeping peace of mind on a daily basis is no big deal for Renault. Safety always comes first. For example: the Triflash triangle kit, designed for those vehicles which are driven on public roads and which must have regulatory signalling. The kit helps such vehicles to markedly optimise their visibility on the road. Then there is the safety kit, made up of a vest, first-aid kit and a double-sided emergency warning triangle; finally there's the 2 kg fire extinguisher with gauge, which complies with European standards. Thanks to these three pieces of tested equipment, you're prepared!

- 1.** Triflash Triangle and revolving lights manual lifting  
(77 11 940 265)
- 2.** 2 kg fire extinguisher with pressure gauge  
(77 11 419 388)
- 3.** Safety kit (vest, warning triangle and first aid kit)  
(77 11 780 759)

## Your vehicle fitted with made-to-measure equipment

It's in Renault's DNA to make your life easier. This is why we have designed an entire range of equipment and accessories dedicated to further improving your vehicle's performance and safety on the road.

## Transport

### Practical

New MASTER's capacities have never been better! The basic model is already very spacious, and the Renault Accessories range allows you a significant increase in its loading and carrying capacity thanks to, for example, a roof rack which is particularly well-adapted to this New MASTER. Offered in aluminium or steel (depending on the length of the vehicle), it safely allows for up to 100 kg of extra load. Robust, treated to resist rust, and tested for aerodynamics, it includes a deflector which markedly reduces wind noise. The ladder attached to the rear door gives easy, risk-free access to the roof rack or roof bars. And if you still don't have enough space, think about the various towing systems – removable or fixed – so you can easily connect your trailer.

**1. and 4.** Rotary ladder rack and roof bars  
(77 11 785 885) (77 11 425 820)

**2.** Standard towbar - with mixed 4-hole hook  
(82 01 710 498) (77 01 408 018)

**3.** Standard towbar - with 4-hole hook  
(82 01 710 498) (77 01 408 016)

## Protection

---

### Also cover your back

Stay in control under all circumstances with New MASTER. Know how to protect and secure your vehicle and your entire load. Equipped with reinforced Mul-T-Lock® locks, you can set off with peace of mind. Your doors become burglar-proof. The complete kit is made up of a 3 point lock with linkage for the rear and a 1 point lock with linkage for the side door. They are resistant to picking and boring, discrete, easy to install and have an additional benefit: they are opened and locked with a single key. You are offered protection mudguards to protect the bottom of the front and rear body. And the rear side step facilitates access to the loading area, whilst protecting the bumper.

- 1. Rear side step**  
(77 11 785 881)
- 2. Complete Mul-T-Lock® kit**  
(77 11 786 135)
- 3. Reversing camera**  
(82 01 527 754)
- 4. Front and rear mud flaps**  
(63 85 021 84R) (78 81 300 68R)

## Protection

### Extremely resistant

New MASTER has been designed to last and endure the most extreme situations. In order to enhance its qualities and robustness, Renault has designed a whole range of interior linings and floors which strengthen the protection of the loading area. Easy to maintain and very resistant (polypropylene treated, chipboard, poplar, birch), they come in 10 or 12 mm thickness, brown or grey, polypropylene, standard wood, heavy-duty use\* wood or non-slip\*\* wood. They are special in the way they adapt to the dimensions of New MASTER and the original equipment, such as the lashing hooks which remain accessible.

**1. Innovation - Non-slip polypropylene**

(77 11 780 283)

**2. Access - Non-slip chipboard**

floor - 10 mm

(77 11 782 176)

**3. Standard - Poplar floor - 12 mm**

(77 11 783 657)

**4. Non-slip Premium birch**

floor - 12 mm (brown version)

(77 11 783 461)

**5. Non-slip Premium birch**

floor - 12 mm (grey version)

(77 11 783 542)

5.

\*Heavy-duty use: varnished for extra durability. \*\*Non-slip: good protection and prevents slips.
