# bespoke design

The Renault 4's customisable style is just inviting to be accessorised: side steps, alloy wheels and bumper trim add a rugged character and unique look.

Its adventurous spirit is enhanced by the side steps, which simplify access to the vehicle and allow effortless access to loads on the roof. On roads or tracks, mudguards protect the bodywork from any splashes.

The style is further enhanced by the range of 18" sixties or parisienne black diamond cut alloy wheels.
